Profile

Junior .NET developer in the final phase of my studies at Nackademin. I have hands-on experience building backend-focused applications using C# and .NET, with exposure to APIs, authentication, real-time communication, and automated testing.

I come from a professional background outside of tech, which has given me a strong work ethic, high sense of responsibility and solid communication skills.

Skills

Technical skills

- C#
- .NET / [ASP.NET](#) Core (Web API)
- REST APIs
- Git/Fork (branching, pull requests)
- Automated testing (xUnit, basic Moq)
- Basic frontend: HTML, CSS, JavaScript
- Azure DevOps (CI/CD - academic projects)
- MVC (basic)
- SignalR (real-time communication)
- Authentication & authorization (JWT - academic projects)

Professional strengths

- Communication and teamwork
- Responsibility and reliability
- Structured work approach
- Customer-focus mindset

Eduacation

Nackademin

August 2024 - May 2026, Solna

Program focused on the .NET platform, including C#, DevOps, frontend development, and database technologies.

NTI-skolan

October 2023 - May 2024, Stockholm/Distance

Mathematics, Swedish, and Programming 1 (C#) in preparation for higher education.

Upplands-Bro gymnasiet / examen

August 2015 - June 2018, Upplands-Bro

Education where I studied to become a professional driver.

Mälargymnasiet

August 2012 - May 2015, Järfälla

Education where I studied social science combined with behavioral orientation.

Experience

Hellman Åkeri AB / Tipper truck driver (Drawbar Trailer)

June 2022 – CURRENT JOB

Operated tipper truck with drawbar trailer for Märsta Förenade, assigned to Heidelberg Materials. Transported materials to construction projects and private customers with a strong focus on customer service and safety.

Özpa Åkeri AB/ Tipper truck driver

October 2019 – June 2022

Worked primarily on the Stockholm Bypass Project, transporting excavation materials to large-scale infrastructure projects.

Norrorts åkeri/ Tipper truck driver

September 2018 - May 2019, Vallentuna

Transported excavation materials using truck and trailer for construction projects and private clients.

Wiklunds Åkeri/ Crane truck driver

June 2018 - September 2018, Järfälla

Operated crane-mounted trucks, performing lifting operations for construction sites and private customers.
